

PHILADELPHIA CLUBS CONTINUE TO LEAD IN PENNANT RACES

Real Sensation of Week Is Playing of Cleveland in American League and of Cincinnati in National Organization—New York Giants Return to Form.

New York, June 1.—Reviewing a week of baseball featured by extra games, the two Philadelphia clubs maintained their lead in the pennant race. An analysis of the play for the seven days ending with Saturday's contests discloses, however, that while the Athletics increased their lead by thirty-seven points, their city representatives of the National League slumped eight, three points, and but for a big lead, gained earlier in the season, would at present be immediately regaining of being passed by their rivals from Greater New York.

CREWS PRACTICING FOR GREAT REGATTA

BY CONSTANCE S. TITUS. America's Foremost Amateur Oarsman. New York, June 1.—I have seen every college in preliminary regattas over the short route, with the exception of Yale, which has not taken part in any of the last two regattas. Instead of the week all the colleges will have their crews quartered at the various regattas, each team being assigned to the four-mile grinds. It is hard to predict the outcome of these long struggles.

Columbia and Cornell have made great preparation for the Poughkeepsie regatta. Cornell, which has been given the most attention to the short sprints, Columbia proved this Saturday in the race with Navy on the Saturday. The manner in which the Morningside eight rowed, you would suppose they were starting off on a mile grind instead of a dash over three miles.

If Yale should win over Harvard at the New London regatta, which would not convince me that the English stroke is superior to the American. Harvard was not paid very much attention to the short sprints. The Navy, then Harvard went up to Ithaca and was outdistanced by Cornell. All these races were rowed in good water, so there can be no excuse that Harvard

was not up to its standard. On these performances it can be seen that not much glory will be attached to Yale's English stroke if it beats a crew that has met so many upsets.

Harvard has a coking, freshman crew, however, and the end result combination it will know it has been in a tough boat race.

The outcome of the freshman event at the Poughkeepsie regatta is hard to conjecture. The three crews that figure in the contest are Cornell, Columbia and Pennsylvania—have shown a very poor form and a lack of speed in their earlier races. Cornell, which has been given the most attention to the short sprints, Columbia proved this Saturday in the race with Navy on the Saturday. The manner in which the Morningside eight rowed, you would suppose they were starting off on a mile grind instead of a dash over three miles.

Names of the Prominent Fans Cartooned To-Day Will Be Announced in This Space To-Morrow

Free Seats Weekly to Readers Who Correctly Name the Men Cartooned. You must mail or bring your answers each day—remember, EACH DAY—before 5 P. M. Tell who each cartoon represents each day. Clip the feature and fill in coupon each day. At the end of the week the contestants sending in correct solutions for each day of the contest will receive Two Seats successful contestant One Seat.

To Contest Editor, Times-Dispatch: The prominent fans cartooned to-day are:

(1) _____ (2) _____ (3) _____

Signed _____

Date _____ Address _____

Every Tuesday the Successful Contestants for the Preceding Week will be Announced.

FIGHT IS STARTED ON SUNDAY GAMES

Knocks Out Heavyweight Champion Bombardier Wells in Fourth Round. Ghent, Belgium, June 1.—George S. Carpenter, the French heavyweight pugilist, to-day won the heavyweight championship of Europe by knocking out Bombardier Wells, the British champion, in the fourth round. Carpenter himself took the count of nine in the first round, and was again sent to the floor in the second.

In the third round the Frenchman discovered Bombardier's weak stomach, and, showing blows in the midsection, crumpled up the Englishman. He ended the fight with a right hand punch to the solar plexus just before the end of the fourth.

Wells met him with a hard left to the face. The Englishman followed quickly with a short half-arm right to the head, sending the Frenchman down for bleeding profusely. Carpenter came up bleeding profusely. Round 2. Wells soon had the Frenchman to the ropes again, seemingly landing where he pleased. A left hook floored Carpenter. The Frenchman was groggy throughout the remainder of the round. As Wells failed to push his advantage, the Frenchman was able to stall.

Round 3. Carpenter closed with his adversary at the sound of the gong, and showed to advantage in the fighting. Wells was soon in distress from a shower of blows to the stomach, and the Frenchman sent him reeling with a hard left to the jaw.

Round 4. Carpenter came up the quicker of the two. After discovery of the Englishman's weak spot, he continued boxing in. He missed a hard right, as a result of which both the fighters slipped to the floor. They were up immediately, and Carpenter landed a left to the body, following this with a terrific right to the solar plexus, which floored Wells for the count.

The bout was scheduled for twenty rounds. Carpenter is a light heavyweight champion of Europe, and previous to that welter-weight champion of France. The Englishman had a considerable advantage in weight and height.

RACE FOR PENNANT NOW IS ABSORBING

All Eight Clubs in Southern Association Are Closely Bunched. Atlanta, Ga., June 1.—With all eight clubs of the Southern Association rounded out into midseason form and bunched so closely that the leaders and tailenders are separated by a narrow margin, the race for the 1913 pennant became intensely absorbing during the past week.

Mobile maintains the lead, Manager Finn's team having to-day added another victory to its string. Mobile now shows a record of thirty-four victories in fifty-three games, Nashville holding second place, with twenty-six games won in forty-eight played. By landing Nashville in second place, Manager Schwartz appears to have fully justified the confidence placed in him by many Southern baseball experts.

The baseball magnates and the managers of the clubs, who are separated in the percentage column by only a few points, and are apparently equally strong. New Orleans continues to act as rear guard.

Sunday baseball seems to have become more than a venture in Nashville, the second contest of the season there having been played to-day without a hint of interference.

The declaration of an attendance war between Atlanta and Birmingham has centered interest upon those two clubs. Birmingham fans having announced that on June 9, when the pennant won by Mobile's club last season, is raised there, the attendance record, now claimed by Atlanta for this season, will be broken.

HAS REAL CLAIM FOR CHAMPIONSHIP

Remarkably Successful Baseball Record of Jefferson School Team. [Special To The Times-Dispatch.] Charlottesville, Va., June 1.—Following the success of the Jefferson School team in the Virginia League, the genuine enthusiasm of such contests, have been struck with the remarkable work of one Virginia team in the Jefferson School of Charlottesville.

Ably coached, first by Eppa Rixey, an alumnus, now starring on the pitching staff of the Phillies, and later by Bruce Anderson, Rixey's former battery mate at Virginia, this team won on distant fields or on its home lot from the following representative Virginia school nines:

Staunton Military Academy, Woodberry Forest, Miller School, Augusta Military Academy, Fork Union Academy, and McGuire's University School, which latter team won the scholastic championship of Richmond over fierce competition. Not one of these teams won a game from the Jefferson nine, which also defeated Fredericksburg College and other nonscholastic teams.

But the real contest was lost, that hurriedly added double-header game with Covington, which team Jefferson afterward defeated decisively. The Covington games were played on the links of the Montgomery Country Club, the Jefferson's hardest game away from home so that substitutes had to be used in both Saturday games.

How sweeping was the superiority of the Jefferson School team in Virginia may be seen from the fact that the teams which this nine defeated, either beat or played a tie series with the following additional school teams: Roanoke, Fishburne, Episcopal High, Roanoke High, John Marshall, Richmond Academy, Benedictine College, Shenandoah Valley Academy, Alexandria High, Blackstone Springs, Dinwiddie High School, and probably others not yet reported. This direct comparison gives the Jefferson team a clear superiority over at least twenty-one Virginia school nines.

While no absolute championship can be possible without a league of all school teams in the State, it seems clear that no other team even approaches the good grounds upon which are based Jefferson's claim to the championship title.

SEVENTY YEARS STILL BEFORE SPORT ZENITH

Each Season Now Finds Schedules Increasing in Number and Importance—Many Records Are Being Wrested From the Past.

New York, June 1.—In a recent discussion regarding the development and future of sport, both amateur and professional, prominent athletes authoritatively stated that in his opinion the zenith of popularity would not be reached for another twenty years. If this idea proves correct, it would appear that when 1933 is reached the jokers' word, "If business interferes with sport, cut out business," will of necessity have to be enforced.

Every year finds the schedules of sport increasing in number and importance. Time was when an international meet of any type was a nine-day wonder in the world of sport. To-day such competitions attract little attention beyond the direct interest of a particular pastime, excepting always contests of the type of polo and yacht cup matches. Teams represent various countries are constantly traveling thousands of miles to form skill and endurance with those of other nations. In the United States, college, school and athletic club combinations cross the continent so frequently that such trips no longer arouse more than passing interest.

The increasing circumference of sport's domain is proved, however, by the invasion of foreign territory, either national or international, in this respect the present year, although but a third completed, already has wrested the record from the past. For months the meets and dates have been piling up until almost every day of athletic competition is represented in the list to date.

Although the international tennis meet played in the time the uppermost in the mind of the average American sportsman, there are a score or more of events of somewhat similar type which are not attracting attention beyond the circles of their own followers. This very lack of widespread publicity attests the length and breadth of the present situation in sport. As an illustration of the activity played in operating a series of international meets, let us mention a few of the leading features carded for 1913.

Several American golfers have just completed a tour of the British Isles, and are expected to return the compliment by competing in the United States title events in September. The Australian cricket team is en route to this country for a series of matches both in the States and Canada. The baseball team of the Chinese College of Hawaii is at present giving battle to our various university teams. The American Canoe Association are looking for the races to be sailed between three American and three German racing craft of this type of Marblehead, Mass., early in September.

The tennis players of the American Canoe Association are looking for the races to be sailed between three American and three German racing craft of this type of Marblehead, Mass., early in September. The tennis players of the American Canoe Association are looking for the races to be sailed between three American and three German racing craft of this type of Marblehead, Mass., early in September.

The United States National Rifle Association has completed arrangements for the coming year. The rifle and pistol tournament ever held. Teams have already been entered by Switzerland, Mexico, Chile, Sweden, Cuba, Canada, France, Italy and the various States of the Union.

DOWN THE ALLEYS

BY WHIT WHITMAN. The Commercial Bowling League, which has made a phenomenal record this season on the Newport Alleys, will come to a close Wednesday night, when the Vaughan-Robertson Drug Company team will meet the Chesapeake and Ohio team in the final game of the season. This league has made many records, and has set new marks, both for individual and team work.

The teams proved to be very evenly matched and continued to furnish great sport for the fans all the season. One most remarkable feature was that three of the four teams competing in the league have never been more than one game apart since the first contest was played until the final night. They have continued to see-saw from one week into the other, and this alone has made the league very interesting.

The players have shown great interest all the way, and have always showed up on the alleys in time, or otherwise secured a substitute to take part. The schedule has been a strenuous one, consisting of fifty-four games, and at the present time the winner cannot be announced until the final game is played. If the Vaughan-Robertson team can manage to capture all three games from the Chesapeake and Ohio team, they will have won the league again.

The following is a complete standing of all players who have taken part during the season, together with the standing of the clubs:

Hal Chase Traded to Chicago White Sox in Exchange for Zeider and Borton

[Special To The Times-Dispatch.] New York, June 1.—The Chicago White Sox are to have Hal Chase, for years the star first baseman and playing manager of the New York Yankees. By a deal consummated between the managements of the two clubs, Chase goes to Chicago in exchange for Zeider, the second baseman of the Sox, and Bill Borton, the first baseman on the same team.

Chase has been for some time trying to strengthen his infield, and thinks by to-day's deal that two weak spots in the Yankee line-up will be covered.

Chase was informed of the barter and received instructions from Manager Callahan to report to the White Sox at once. The new members of the Yankees will report Tuesday.

Y. M. C. A. Athletics.

An outdoor athletic meet for the members of the association will be conducted at Byrd Park next Saturday afternoon at 3:30 o'clock. The following program of events will be run: One-mile run, 220-yard dash, 88-yard run, 440-yard run, 220-yard dash, 88-yard run, 440-yard run, 220-yard dash, 88-yard run, 440-yard run.

The Friday games in the outdoor business league were postponed and will be played this week. The regular games will be played on the regular grounds, and will be played on the regular grounds, and will be played on the regular grounds.

Charged With Disorderly Conduct Before Magistrate Appleton. [Special To The Times-Dispatch.] New York, June 1.—Walter Davis, twenty-four, known as "Big Boy Hogan" in the prize ring, was fined \$5 by Magistrate Appleton in the West-side Court to-day for the charge of disorderly conduct in connection with the unsuccessful attempt of his companion, Joseph Cartwright, to swim to a battleship after undressing on a public pier.
